

## Dr. Pierce's Favorite Prescription

It is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeits as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trading with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 150 pounds and can work hard. It also cured my four children of coughs, colds, croup, and all the most certain remedies for Ladrupus, Asthma, desperate lung trouble and all bronchial affections. 50c and \$1.00. ## ARE CHAMPIONS OF TEXAS

GREENVILLE IS ONE GAME AHEAD OF WICHITA FALLS.

Wille Pitched a Shut-Out Game Yesterday—Closes Championship Series.

The Greenville baseball team won a game and lost one yesterday at Wichita Falls which puts the Greenville boys one game ahead and gives Greenville the distinction of being the champion independent team of Texas.

The first game at Wichita Falls yesterday was pitched by Wille and was won by a score of 1 to 0, being the third shut out the Irish Lads have had this season. The other two were administered by Shindler.

The second game yesterday was lost by a score of 2 to 1, Shindler and Buster being out battery. The score of eight championship games stands: Greenville, Wichita Falls 3, and one tie game.

The Irish Lads had everything their own way until they met the Greenville team, and are a strong combination, one that it is an honor to have beaten.

### THE FIRST GAME.

Write Up by the Times, a Daily Paper at Wichita Falls.

The following write-up of the first game of the series at Wichita Falls between the Irish Lads and Greenville is clipped from the Daily Times of that city:

"The superior pitching of Shindler, the almost perfect fielding of his teammates, coupled with a generous allowance by the baffle goddess, were the factors that contributed to the shut out of the Irish Lads by the Greenville team at the lake diamond yesterday afternoon.

"The score was 1 to 0, and the Lads never had a good prospect for a score during the whole game. An immense crowd, estimated at nearly two thousand, witnessed the game, and while the rotational club, two hundred strong made a brave display of a parade across the diamond before the game started, they never clirped after Greenville scored her first run in the third, and sat sorrowful and silent through the remaining innings like tombstones in a graveyard.

"Greenville's scores may be attributed in a large measure to Morris' poor control, two of the visitors' scores being made by batters who had been given their bases on balls, another by a maximum being hit by a pitched ball and the fourth being a base on balls given another batsman. Had brows by Salazar and Guthrie as helped in losing the game.

"Greenville's first score in the third inning was made by Shy, who was given a base on balls, went to second on Dodd's sacrifice, and came home on Wille's drive to center. In the sixth, two hits, a base on balls, a sacrifice, a batsman hit by a pitched ball, and an error netted the visitors two more runs. In the seventh a base on balls, a sacrifice hit, and a two-base hit to center netted another score.

"The Irish Lads secured only two hits off Shindler, and did not get a runner as far as third during the entire game. Only five Irish Lads were left on bases during the whole nine innings."

## THE PLATFORM AS ADOPTED

(Continued From First Page.)

and legislature of Texas to submit to the people for their rejection or approval a constitutional amendment prohibiting the manufacture and sale of intoxicating liquors in this state, but we desire that a vote upon such amendment shall not be a test of Democracy.

7. Believing that an educated citizenship is the best assurance of good government and good conduct and recalling the wise and generous provision made by the fathers of the Republic of Texas for the establishment of a complete system of public education from the primary school to the university, we remind the legislature that our school system has not kept pace with the educational progress of the times, but has suffered from lack of organization and in maintenance. We demand, therefore, the perfection of the common school system of this state and the adequate provision for the upbuilding of the university, the A. and M. college, the normal schools and the other educational institutions controlled by the state. Provision should be made for efficient county organization and rural high schools, encouragement of manual training schools and the separation of the A. and M. college from the State university. Provision for a liberal and independent income for the state institutions of higher learning should be made.

8. We favor divorcing the management of the penitentiary and our eleemosynary institutions from political control to the end that they will not suffer the disturbance of changes in administration, and we recommend independent boards of control with tenure of office so arranged as to prevent a complete change of management at any time. We insist upon a faithful application of the wise and merciful policy of moral reform and mental and manual training in all penal institutions.

9. We believe that the general welfare demands that the people shall not be annoyed by constant political agitation, and they should be relieved therefrom in order that they may undisturbed pursue their usual avocations to the end that they may be contented and prosperous, and we

forcement of the law as it is, by law means and the enactment of such additional laws only as are absolutely necessary to protect the public and the rights and liberties of the people, and we recommend that the Thirty-first legislature, now in special session, dispose of the fire rating board law and adjourn on good time.

10. Realizing that the development and prosperity of Texas require that there shall be harmony between the producers, the merchants, farmers, manufacturers, laborers, and capitalists and that no such harmony can exist except under just and equal laws, we pledge ourselves to the enactment and enforcement of such laws.

11. We favor the adoption of the constitutional amendment making a provision for the establishment of a home for the widows of Confederate soldiers.

12. We congratulate ourselves that the Democratic party has controlled the government of the state for nearly forty years and that during that time no scandal has ever marked its administration and we expressly commend the present state administration for writing into the statutes of the state the platform pledges of the party.

13. With renewed hope in the principles of Democracy and a firm and abiding faith in the capacity of the people for self government we support again with confidence to the intelligent and patriotic of the voters of Texas.

There is more Catarrh in this section of the country than all other diseases put together, and with the fact few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, it goes from the blood to the mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. 7-12.

Take Hall's Family Pills for constipation.
